Work Experience

IHS Markit   *Englewood, CO/remote*
SOFTWARE ENGINEER INTERN/APPRENTICE   *June 2020 – August 2020*
- Development: Helped working on transferring data that is stored in XML format from one database to another that would store similar data in JSON format. Worked on C# script that reads in and parses XML from database then converts, all attributes that are mappable to a different database, into JSON. HR project: Listed/watched webinars across all industries that IHS Markit represents. Broke each webinar down by title, dates, industries, areas of interest and others, to make sure each webinar has appropriate tagging and key words for better searching in the web.

Uber   *Denver, CO*
DRIVER   *2017 – Present*
- Delivering great customer service to all passengers by good driving and being friendly to each passenger. Maintaining very high rating based on passengers' feedbacks.
